Annual Report 2021 - 2022

Hold fast to dreams, For if dreams die, Life is a broken-winged bird that cannot fly.
Hold fast to dreams, For when dreams go, Life is a barren field frozen with snow. -
Langston Hughes

We at Cheshire Homes India Coorg have held on to our dreams as yet another pandemic year 2021-22 moved by! June 2021 to March 2022- the Storms of Covid took a gentle beating – we braved it all. Children did not return to their normal routine – but the Committee, Volunteers & staff, continued serving our children by distributing food parcels, provisions, medicines, doing home visits, vaccinations and online consultation calls. We were able to conduct 8 Vaccination camps for over 340 people – both students and Community. We continued to remain connected with our students, as our large hearted donors made it all possible. CHIC joined hands with Lopamudra Medical Centre also, to work during the Covid crisis and help as many people as possible.

“You are never too old to set another goal or to dream a new dream – C.S Lewis

In spite of being 22 years old, we are always committed to our goal & we march on untiringly, keeping the eyes on the future & the wellbeing of our wards. The Headmaster & Staff have been monitoring the welfare of the students and their families regularly. Medicines were administered to all our students requiring it, every month. Although it was a difficult task, we didn't want them to miss their medication at any cost.

“The first step toward creating an improved future is developing the ability to envision it. VISION will ignite the fire of passion that fuels our commitment to do WHATEVER IT TAKES to achieve excellence. Only VISION allows us to transform dreams of greatness into the reality of achievement through human action. VISION has no boundaries and knows no limits. Our VISION is what we become in life. “ – Tony Dungy

So the members of our Committee and Staff set about envisioning the future by working hard on our Handmade paper unit, our Plastic weaving unit and then moving on to the new Handloom Section, training, teaching and empowering ladies to learn diligently the art of weaving with expert advice. The pure hand loom cotton towels that were woven in different hues & shades, by the ladies were really amazing.

We participated in an important campaign - “Save Soil”, which is a global movement launched by Indian spiritual leader Sadhguru, to address land degradation and advocate for healthy soil. One of the main objectives of the movement is to show governments across the world that their citizens want policies that revitalize ecology and soil. As part of our contribution, Cheshire Homes India Coorg, also joined the movement with all our recycling initiatives & by putting up a small show. After the show an appeal was made to

the Prime Minister to create a policy to “Save our Soil”. CHIC is really proud to say that we have been contributing to all the Prime Minister’s Campaigns – “**Swacch Bharat**”, “**Skill India**”, “**Atma Nirbhar Bharat**” & “**Vocal for Local**” through our Recycling & Up cycling initiatives. Our cover page says it all. A parcel with our products has been sent to the P.M.O’s Office.

Through its 2 Community Based Rehabilitation Programmes by JOAC –UK, from 2003 – 2006 and by the Big Lottery Fund -UK - from April 2006 to 2011, CHIC worked in 38 villages with over 950 Persons with Disability, their caregivers and various stake holders. **This programme was recognized by United Nations as “Best Practices for including persons with Disabilities in all aspects of development efforts”.**
